

GDT Marketplace has a series of notification to keep buyers and sellers informed.

Your notification are set to send by both

- In-App (only sent to your account in Marketplace)
- Email (sent to your email account linked to your username)

To access and update your notification settings

1. Log into GDT Marketplace
2. Click on More Options (under your name)
3. Select *Notification Settings*
  - Here you will see the notifications allocated to your role as a buyer or seller
4. De- select the delivery method (in-App or Email) for any notifications you do not want or need to receive.
5. Click **Save**

## Buyer notification

Listing Comments	you will receive a seller’s reply to a comment you have made (includes anyone in your business that has the same role as you)
System Announcements	all users receive a message when GDT sends a message
Purchase Successful	you have made a purchase or your bid was successful
Listing Ending Soon	you are advised 15 minutes before closing of a listing on your watchlist or a listing that you have bid on
Listing Approvals	your business has been approved to purchase on this listing (includes anyone in your business that has the same role as you)
Listing Changed	a seller has changed some detail on a listing on your watchlist or a listing that you have bid on
Purchase Unsuccessful	your bid on a tender was unsuccessful (includes anyone in your business that has the same role as you)
Saved Searches	You will receive a notification if you have set up a saved search with a notification period
