MULTI-FACTOR AUTHENTICATION (MFA) HOW TO SETUP SMS / TEXT MESSAGE AUTHENTICATION

Global Dairy Trade is introducing multi-factor authentication (MFA) as an added level of security for our customers.

Multi-factor authentication (MFA) is designed to provide a more secure way to log into your MyGDT account. It combines something you know (your email address and password) with something you have (an authenticator app on your smartphone or tablet). If you don't have a smartphone or tablet, you can setup SMS-Text authentication.

Please follow the below instructions.

Step One:

• On your computer device, go to www.globaldairytrade.info and click 'Login to MyGDT'.

Help/Contact us	English	中文	Login to MyGDT	Search GDT	٩
Home	GD	T Events 🗸	GDT Insight 🗸	Results 🗸	About Us 🗸

Step Two:

You will be prompted with this new login screen. See below. Use your existing Username (email address) and Password and click **Sign In**

GLOBAL DAIRY TRADE

Please click here for support with signing in.

The next page requires you to setup your multifactor authentication.

Under SMS Authentication, Click 'Setup'.

The next window prompt requires you to choose your country and enter your mobile phone number.

GLOF DAIR TRAI	BAL [™] YY DE₀
