Approval to purchase

You can only bid on a listing if your company has been approved by the seller

Sellers can approve your company at any stage before the listing closes

If you are **Approved**, you will see a flag and tick in the top left corner and receive a message confirming approval has been given. Approval is given for each listing

Once approved for a Fixed Price listing, you will have visibility of the Price

Want approval for a listing?

If you would like a seller to approve you for a listing, you can contact the seller via the **Private Comments** section in the listing

Note: all communication is private between the seller and buyer

GDT MARKETPLACE

A Fixed Price listing

A **Fixed Price** listing allows you to purchase the product you need immediately

The terms and price are fixed for the listing at the time of the purchase is confirmed **Sellers specify** the Price (currency/per unit of measure) and Total available quantity **You need to enter** the quantity you want to purchase and select 'Trade Now'

Quantity (MT):
20
Trade Now

You will receive immediate confirmation of your purchase

Why is the price showing 'To Be Confirmed'

There may be times when the seller is not ready to confirm the price but wants you to see a future listing and your approval status
The seller will update the price prior to the listing going live and bids being placed

A Tender listing

A **Tender** listing allows you to bid for and purchase product through a closed bid process

The **seller specifies** offer quantity, reserve price (not published), currency and per unit of measure
You need to enter Quantity, Price and Minimum Acceptable Quantity. This is the minimum amount you would accept if the system was only able to allocate a portion of your bid

Maximum Quantity (MT)	Maximum Price (\$USD/MT)	Maximum Total (\$USD)
50	2500.00	125,000.00 +

Minimum Acceptable Quantity (MT)

25

You can add multiple bid lines if you want to submit additional bids at different price points. Bids can be amended or removed until the time the listings closes.

The system determines the successful bids and winning prices. You will receive notification at the close of the tender.
