NZMP Frozen Cheddar Cheese is a semi-hard cheese designed for processed cheese applications. It is frozen within 72 hours of manufacture to arrest protein breakdown and flavour development.

#### **FEATURES**

- Uniform cream colour
- · Bland, slightly lactic flavour
- Firm, curdy texture
- Minimal protein breakdown

#### SUGGESTED USES

· Processed cheese applications

#### **DIETARY STATUS**

· Lacto-vegetarian

#### **CERTIFICATION**

- Halal
- MUI Halal

#### **ORIGIN**

Product of New Zealand

NUTRITIONAL INFORMATION	TYPICAL (per 100 g product)
Energy (kJ)	1721
Protein (g)	24.2
Fat (g)	34.7
Carbohydrate (g)	<0.1
Moisture (g)	36.0
Minerals and Lactate (g)	3.0

#### **INGREDIENTS (ALLERGENS IN BOLD)**

Pasteurised cow's milk, Salt, Starter Cultures, Microbial Coagulating Enzyme

Country regulations for product labelling vary. Fonterra advises customers that they need to check local regulations to determine the correct labelling of this ingredient.

#### **PACKAGING**

Each block is vacuum packed and sealed in a co-extruded barrier film. The blocks are then packed in a multi-lingual corrugated cardboard case and stacked onto a slip-sheet.

• Net Weight: 20.0 kg Gross Weight: 20.63 kg

 Typical Packaging Dimension: 38.5 x 30.0 x 18.0 cm

#### STORAGE AND HANDLING

Frozen product should be stored and transported at -8 °C or colder. Once thawed, do not refreeze. Store at 2 °C or colder and use within 14 days of thawing.

Cheese remains safe to consume up to the best before date, providing that the product is stored in its original packaging and in accordance with Fonterra recommended storage conditions. The best before date jet coded on the cartons is 545 days (18 months) from date of manufacture.

Store frozen

TRUSTED QUALITY

#### **COMPLIANCE:**

Our manufacturing facilities adhere to the highest global standards in food safety and quality, verified though regular internal and external audit programs and accredited with FSSC22000 certification.

Our products and ingredients are tested throughout the supply chain, from milk collection through to final product release, using internationally recognised test methods to verify quality and compliance.

Our products are securely packed in food grade packaging and labelled to enable full trace back, so you can trust in the knowledge it was made with care.

#### **HOW TO BUY:**

Cheese is a living product, which continues to ripen and develop from the date of manufacture until it is consumed. Within the best before date range, there is a window of optimum performance for different applications where the cheese has the correct balance of flavour and functional performance.

Fonterra does not recommend using the typical vitamin and mineral values that are stated in this Bulletin as a basis for formulating a nutritional product.

The typical values are an average of representative samples taken from across the manufacturing season, and are based on the typical composition.
